*NEW SINGLE*

ALTERNATIVE RAP

SILENCE

RELEASED ON  
JANUARY 12, 2024

## SILENCE

After the release of «Hors de Moi» in august 2023, this new track keeps unveiling a part of this young artist's intimacy. On the «Reset» mode, Jeanne Heim expresses the urge to live in the moment, fending off the intrusive thoughts by weaving an hovering and groovy soundscape.

An alternative, soft energetic and feminine rap.

Like a mantra, this new single imprints itself in our minds and bewitches us like a spell.
